FOR IMMEDIATE RELEASE

Annual Carter County Bank Shred Day, April 14, 2018

Carter County Bank proudly hosted their 14th Annual Shred Day on April 14th. The event was free and gave residents the opportunity to properly dispose of personally sensitive information in a way to greatly prevent identity theft and fraud.

“As a financial institution, we understand the importance of handling and destroying sensitive documents in a safe and secure manner” said Andrew McKeehan, Market President of Carter County Bank. “Carter County Bank is committed to helping this community guard against Identity Theft and that’s why we continue to hold this free event every year,” said McKeehan

Shred Pro was on site from 9:00 am to 1:00 pm at the new location of Elizabethton High School main parking lot. Throughout the day, almost 7 tons of paper were shredded and then taken to be recycled. The new location gave the bank volunteers the ability to better serve customers bringing documents to be destroyed with better traffic flow and space. Items that were shredded included bills, check stubs, healthcare information, tax documents, financial statements, disks, CDs, legal documents, and other confidential information.
